

Technical drawing of a pressure washer nozzle assembly, showing two views: a front view (top) and a side view (bottom).

Front View (Top): Shows a circular nozzle with a hexagonal base. The outer diameter is labeled $\phi 28$. The central opening is a square with a triangle inside. The nozzle is attached to a cylindrical handle with a textured grip.

Side View (Bottom): Shows the nozzle assembly from the side. The total height is labeled 31.50. The nozzle body has a diameter of $\phi 28$. The handle is curved and has a total length of 45. The nozzle body is divided into sections with heights of 4, 4, and 18. The handle has a curved section with a height of 4.
